

Introducing **HomeMade**

Self-manage the care and support services you want and live life on your own terms.

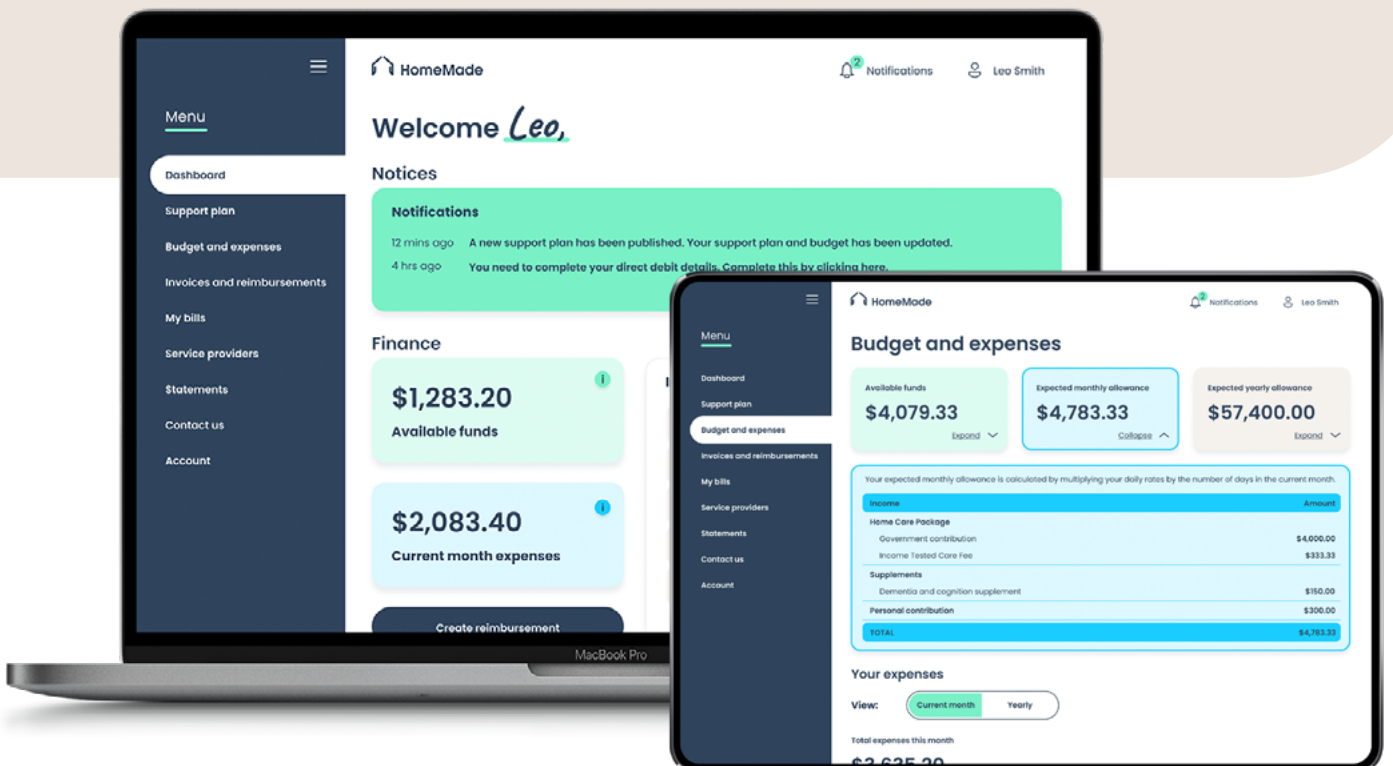

What is the HomeMade platform?

We've used technology to provide you with a way to safely, easily and cost-effectively self-manage your Home Care Package and access the care and support services you want to live life on your own terms.

You can:

- ✓ Make informed decisions.
- ✓ Build a support team.
- ✓ Maximise your Home Care Package.
- ✓ Track your budget in real time.
- ✓ See what your funding actually funds.

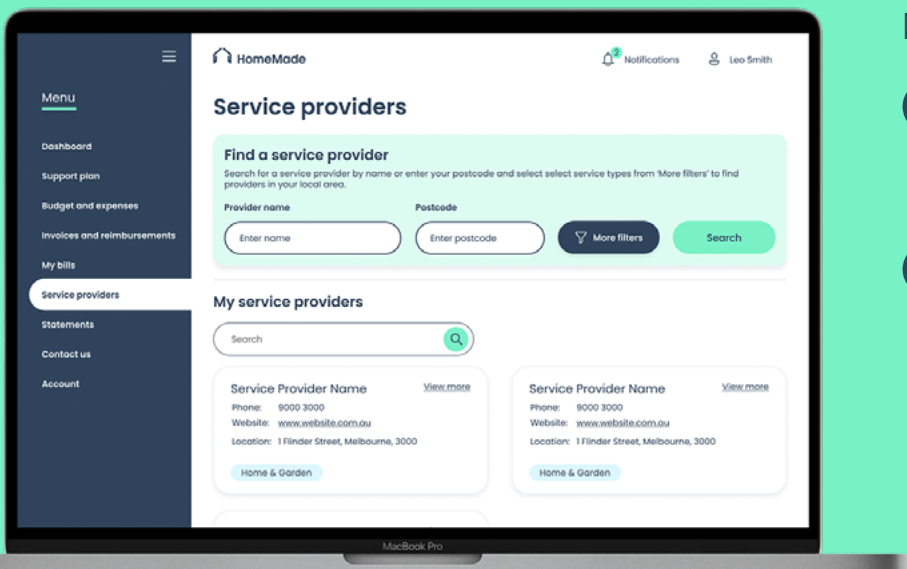

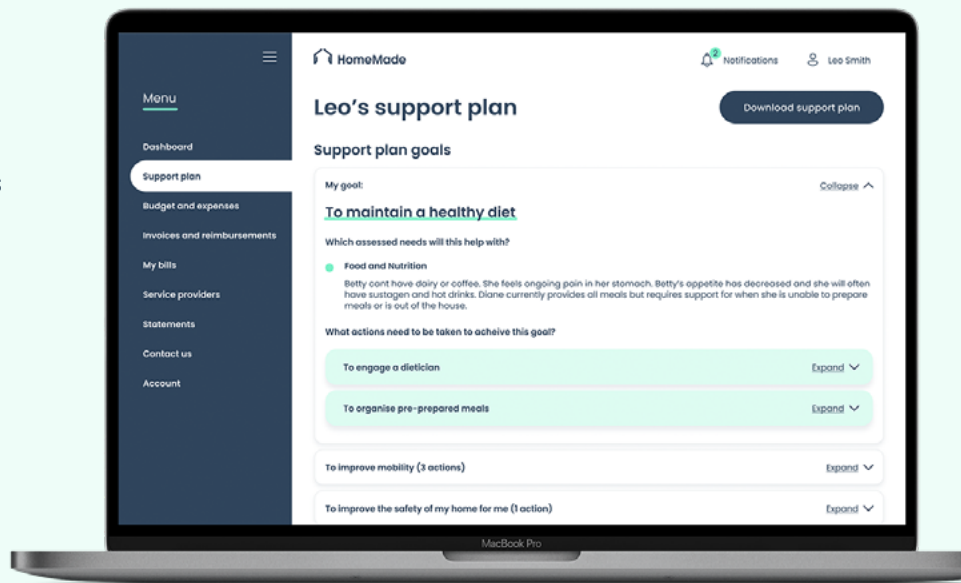

Features and benefits.

Make informed decisions

- ✓ A personalised dashboard with information at a glance and links to more detail.
- ✓ Easy access to your support plan and budget.
- ✓ View and track the actions you need to take towards your goals.
- ✓ Helpful notifications and reminders.

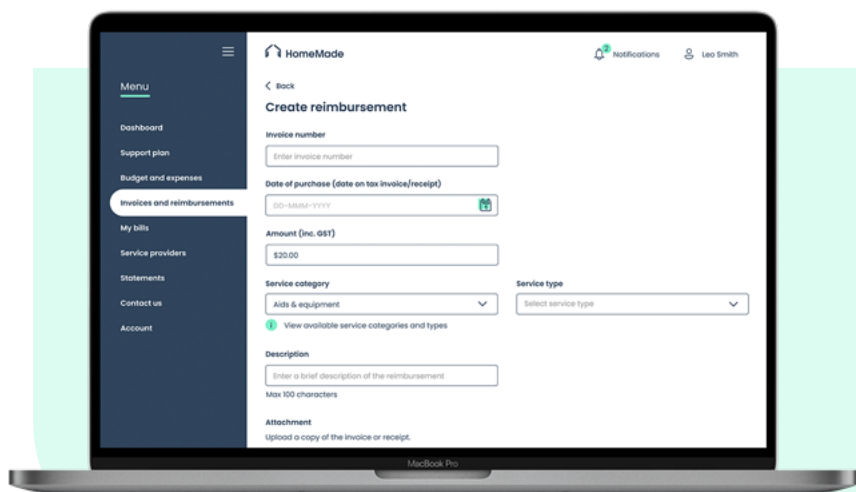

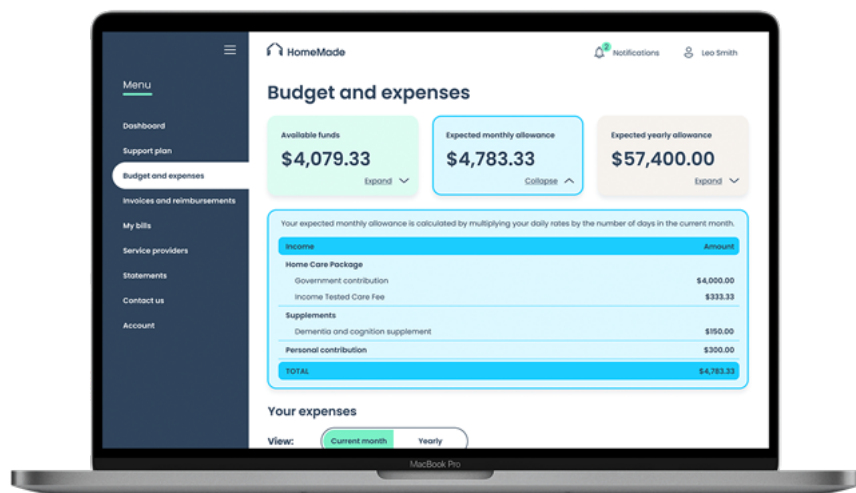

Build a support team

- ✓ Search our extensive Australian network of verified providers and find service providers in your local area.
- ✓ Submit a request for HomeMade to onboard the providers you're interested in working with today.

Maximise your Home Care Package

- ✓ Access the Homemade platform, plus access to our team service and support specialist when you need a little extra help, for one low admin fee.
- ✓ Stay in control of the services and support that matters to you, for less.
- ✓ Get up to double the support hours, compared to a traditional provider.

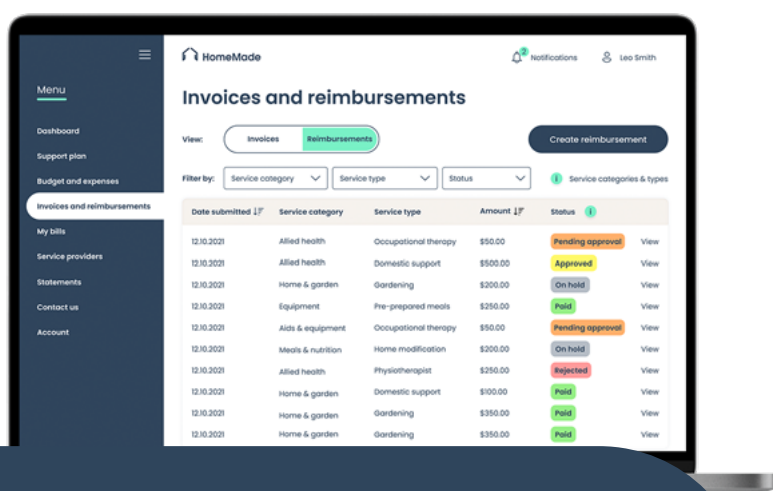

Track your funds and budget in real time

- ✓ Submit and track your reimbursements.
- ✓ Know exactly what funds you have available for your different service categories.
- ✓ Choose how you use your funds (in line with government guidelines).

See what your funding actually funds

- ✓ View individual bills and reimbursements so you know exactly how your funding is being spent.
- ✓ Track your payments in one location.

Get started today.
