Meet Peter

Peter lives at home with his dog Alfie and recently celebrated his 78th birthday. Peter has always been a social and independent person, has two children and loves trivia.

Peter's challenges

- Peter is living with a chronic illness that has been more challenging lately.
- Although he is out and about for appointments, he often feels alone. He has two children that live interstate, which is making it difficult for them to connect.
- Peter wants to enjoy more of the things he did before his illness started getting in the way and to feel less defined by his medical issues.
- Peter is having trouble sleeping at night, which is impacting his mood and energy level.

Peter and HomeMade

- Found a support worker with a keen interest and mind for trivia who is available each week to assist with driving Peter to trivia, getting around at the venue, and coming up with some good answers to the questions about pop culture!
- Found a support worker to clean and keep his home organised every fortnight.
- Can go with Alfie and a dog walker to the park and enjoy watching Alfie run around with the other dogs.
- Has regular meals delivered to him to ensure he is meeting his nutritional needs.
- Purchased a humidifier to help regulate his sleep environment.

Benefits for Peter

- ✓ He feels happy and supported in his home
- ✓ He feels more connected with his local community
- ✓ He has more energy for his family when they visit
- ✓ He feels confident in his network of people that he can call on for support
